

**Covering Letter for grade Ones: Week: 11 August 2020 to 14 August 2020.**

Dear Parent

Hope you are well and enjoying the recess with your little ones. A very happy Womens' Day to all the mums!

For this week's online work, we will be giving the learners revision worksheets of Term 2 work in English and Maths. This is to ensure, they fully understand all term 2 concepts.

Please read out instructions clearly to learners. Do question by question at a time. Eg. Read question 1. Let them complete it. Then go on to question 2. Do not rush them. For certain questions especially in Math, allow them to draw or use their grid.

After completion, check their work and if they find difficulty in certain concepts, use the rest of the week to remediate and consolidate.

Thank you for your ongoing cooperation and support.

Take care and be safe! Looking forward to seeing the learners soon.

Thank you

Grade one educators
