Phonics: Silent 'e' (i-e: Long vowel sound)

The Sneaky'e' Song

Sneaky 'e' at the end of a word,
Makes the vowel make the L-O-N-G vowel sound!

Sneaky 'e' is very sneaky,
He is not so kind.

When there's a vowel, a consonant, and him,
He acts very sneaky we find.

He reaches over that consonant,
And pinches that vowel, it's true!

That vowel's so scared he says his name!

He doesn't know what else to do!

Now Sneaky 'e' doesn't want to be caught,
So he doesn't make a sound.

The poor first vowel doesn't have a clue,
So Sneaky 'e' is never found.

Just remember the Sneaky 'e' rule,
And you'll be set, you see!

Sneaky 'e' changes the vowel,
And then he's silent as can be.
