

Mathematics for week 21 September to 25 September 2020 (Grade Ones)

Dear Parents,

We are now into the second week of assessments. This week will be isi-Zulu, 5 words and 5 sentences on School, Life Skills (Beginning Knowledge) on Pets and Performing Arts, poem on Pets and English written comprehension and formal writing. Hope all learners are well prepared. Remember to carry all your stationery and lunch as we will have a small break. Please come to school on time.

Learners must diligently do all their oral work daily, complete written tasks, including workbook activities under supervision.

Oral work for this week:

Counting

Count on and backwards from any given number on the number grid. Random recognition of numbers on the grid from 0 to 100. (Ask an adult to point to a number and you say what number it is) Count out 40 objects reliably. Use your counters.

Calendar: What day comes after Friday? What day comes in between Tuesday and Thursday? What is 2 days after Sunday? How many months are there left for this year?

Revise spelling of numbers from 0 to 14

Bonds up to 14

Written work for this week:

Today we are going to do number concept 15. Please revise number concepts 11 to 14. Always remember to revise previous work before you start the new work. This way you won't forget.

Practice number formation from 0 to 14. Do a few rows of this. Remember **not** to reverse your numbers.

Today we are going to do the number 15 because it comes after number 14.

Now do a row of the new number **15**. Write **15** in word that is fifteen.

Is 15 **odd** or **even**? Remember, if you don't know, draw 15 dots. Group them in 2's, if there is an odd one left, then it is odd. If not its even.

Story sum:

There are 15 children in our class. 2 went home early. Now there are ____ children left in our class

Color the snakes. Count the snakes.
Color the number.

Fifteen

When you count the snakes, you can also count them in 5's.

Today we are going to do number lines. We have done this before, but now we are now going to increase the number range to 15.

Remember the first number of the sum tells you where to start, the sign (+ or -) tells you in which direction to jump and the second number tells you how many jumps to take. You use the same method even if you have a third number that is in double operation sums.

$10+4= \underline{\quad}.$

$11-5= \underline{\quad}.$

$12+3= \underline{\quad}.$

$14+1-4=$ _____ (Double operation)

Now try doing a few more.

Revision for this week:

$10 + 10 + 10 + 10 + 10 =$ _____

$20 + 5 + 5 + 5 =$ _____

$10 + 2 + 2 + 2 + 2 =$ _____

$3 + 3 + 3 =$ _____

$5 + 5 + 5 =$ _____

$10c + 10c + 10c =$ _____ c

Fill in the missing number:

10; 11; 12; _____; 14; _____

15; 14; _____; 12; _____; 10

5; 10; _____; 20; 25

Half of

2 is _____.

8 is _____.

4 is _____.

12 is _____.

14 is _____.

Double

7 is _____

5 is _____

3 is _____

6 is _____

4 is _____

In between

3 and 5 is _____

11 and 13 is _____

10 and 12 is _____

0 and 2 is _____

14 and 16 is _____

Speed Test: Time yourself. See how fast you can be. /30

$4 + 2 =$	$1 + 10 =$	Half of 12 is _____
$9 - 1 =$	$11 + 0 =$	6 doubled is _____
$7 + 3 =$	$12 - 12 =$	Before 11 is _____
$10 - 5 =$	$6 + 4 =$	After 12 is _____
$6 + 3 =$	$10 - 3 =$	1 more than 10 is _____
$5 + 2 =$	$2 + 7 =$	2 less than 9 is _____
$2 + 2 + 2 =$	$3 + 1 =$	In between 10 and 12 is _____
$6 + 2 =$	$8 + 2 =$	$6 = 2 +$ _____
$5 - 3 =$	$8 - 2 =$	$2 + 3 + 1 =$ _____
$3 - 1 =$	$4 + 4 =$	$9 - 3 =$ _____

Pages to complete in the workbook.

Please get an adult to supervise you while you are doing your work in workbook. Don't forget to write your date when you are doing workbook work.

1. Complete pages 10 and 11 on the number **concept 15**. (You have already done pages 2 to 9 given in the week 17 August to 21 August) If you have not completed these pages, please do so .

2. Complete pages 64 and 65 on **Length**.

Make sure all your work is done. Enjoy your weekend. Hope you had a great Heritage Day.

Remember stay safe and take care!
