

HARTLEY ROAD PRIMARY SCHOOL

FOUNDATION PHASE

GRADE 3

24 August 2020

Assalaamu Alaikum and warm greetings to our wonderful parents.
We trust that you are all safe and in good health.

Please be advised that the online work for Mathematics, English and Afrikaans for the next two weeks will be revision of term one and two work. Thereafter, term three work will resume. Please ensure that your child completes the work that has been assigned to him/ her as this provides your child with the opportunity to practice the concepts that have been learnt thus far. These activities will also help to inform you, as a parent of the concepts which should be focused on and revised more thoroughly. These concepts must be retaught to your child using the online work and online lessons done by our educators. Also note that the syllabus will continue for Life Skills.

*Yours in education
The grade 3 team*

*Stay Safe
and
Healthy*
